THE WARMING PAN.

In Ireland, a warming pan is called a frier. Not many years ago an unsophisticated girl took service in a hotel in the town of —, Poor thing—she had never heard of a warming pan in her life though she regularly confessed to a frier once a year.

It so happened, on a cold and drizzly night, that a priest took lodgings at the inn. He had travelled far, and being weary retired at an early hour. Soon after, the mistress of the house called the servant girl.

"Betty, put the frier into No. 6."
"Your reverence must go to No. 6. my mistress says."

"How!—what?" asked he, annoyed by being disturbed.
"Your reverence must go to No. 6."
There was no help for it, and the priest arose, donned a dressing gown, and went into No. 6.

In about fifteen minutes the mistress called to Betty.
"Put the frier into No. 4."

Betty said something about disturbing his reverence, which her mistress did not understand. So she told the girl in a sharp voice, to do always as she directed, and she would do right.

Up went Betty, and the unhappy priest despite his angry protestations, was obliged to turn out of No. 6, and go into No. 4.

But a little time elapsed, ere the girl was told to put the frier into No. 3, and the poor priest, thinking that every body in the house was mad, and steadily resolving to quit it the next morning, crept into the damp sheets of No. 3. But he was to enjoy no peace there. Betty was again directed to put the frier into No. 2, and with tears in her eyes, she obeyed.

In about an hour the landlady concluded to go to bed herself, and the frier was ordered into her room. Wondering what it all meant, Betty roused up the priest and told him he must go into No. 1. The monk crossed himself, counted his beads and went to No. 1.

It so happened that the husband of the landlady was troubled with the green-eyed monster. Going up to bed, therefore before his wife, his suspicions were confirmed by seeing in his own bed a man sound asleep.

To rouse the sleeper and kick him in the street was the work of a moment; nor was the mistake explained till the next day, when the priest informed the inn keeper what outrages had been committed upon him, and he learned to his amazement that he had been serving the whole night as a warming pan.

A PAINFUL KISS.—Last evening, about 8 o'clock, says the Philadelphia Bulletin, a young lady stood in front of Ritter's Perfumery Store in Eighth street, admiring the pretty things in the window, when some good-for-nothing and altogether naughty fellow stole up behind her and imprinted a burning kiss upon her velvet cheeks. The attack was so sudden and unlooked for that that the confused and blushing girl fell headlong through one of the large panes of glass in the window. Of course she was very much terrified at the disastrous result of the kiss. We never heard of so painful a kiss before!

HARD NUTS.—There are some hard printers in Worcester as witness the following from the Worcester Journal—
The Publisher of the Journal once more solicits the indulgence of his friends. His paper is deficient to-day, for no other reason than that the workmen whom he engaged to get out the paper last evening, were so drunk that they could not work! He is determined to have only cold water men in his office hereafter, and therefore hopes that his friends will be patient until he has an opportunity to employ the right sort of men.

HEALTH OF MOBILE.—The fever has been steadily progressing for the past few days. The exact number of deaths by it we have not been able to ascertain, but we suspect the report of interments for the week will show a considerable increase over that of last week.—Mobile Herald and Tribune, of 17th inst.

GOLD.—We learn, by the Greensboro (North Carolina) Patriot, that the Hon. E. Deberry had at Troy, a few days since, near 6 lbs of gold in pieces, five of which weighed 5 1/2 lbs 8 oz 18 dwt. The largest piece weighed 1 lb 11 oz. This was all found near Island Creek Montgomery county, on the lands of Mr. Deberry and Duncan McRae. Last year, near the same place, the same persons found several large pieces.

Mrs. Catherine Butterworth died at Dubuque, Iowa, on the 30 of August, at the advanced age of one hundred and fourteen years. She was a native of Kildare Ireland.

ADVERTISING.—The New Orleans Delta has quite a pithy paragraph on this subject. "Advertising," says the editor, "is to business, what the oil is to the night lamp.—Withhold the necessary supply of oil, and the lamp goes out; advertise not liberally, and who you are, or what is your business, is known only to a limited circle—your expenses otherwise continue, your business falls off, you break, and your name, which was never seen town advertisement in the newspapers, now figures in the list of bankrupt. This is true—all true. It is the teachings of the times, and he who will not learn it must never expect, at this period of general activity and rivalry in business, to keep up with his advertising neighbors in the race for patronage and prosperity."

THE DAILY NEWS.

Newport:

WEDNESDAY, SEPTEMBER 27, 1847.

BY O. F. JACKSON, 97-THAMES ST.

FROM MONTEVIDEO.—The blockade of Buenos Ayres was kept up by the French alone. Vessels continued to arrive and depart without molestation. The English and French ministers had retired from the River Plate. Count Walewski, the French plenipotentiary, announces in a circular letter to the foreign agents his intention still to enforce the blockade, as heretofore. The Packet hopes that neither England nor the United States will permit the commerce of the world to be interrupted by such wilful and manifest injustice. The government of Montevideo having refused the armistice proposed by the British and French ministers, Lord Howden, the British minister, directed the British commodore to raise the blockade. This course produced such exasperation at Montevideo that it was deemed imprudent for him to land there, in order to take leave of the Montevideo government, and accordingly he omitted that formality and proceeded at once to Rio Janeiro.

The Washington correspondent of the Baltimore Sun says:—

The Court Martial of Lieut. Col. Fremont will be ordered immediately. It will be one of the most interesting trials that has taken place for a long time, and creates already a good deal of prospective excitement.

If the negotiations now pending between the United States and Mexico should not terminate in a treaty of peace, then I have no doubt whatever but that Mr. Twiss will be withdrawn, and a new Commissioner sent down to that brawling country. We shall then enter into what the Western people call a "free fight," and it will be for the Mexicans, and only for them, to make propositions and to sue for peace.

A correspondent of the New Orleans National writing from Cuba says:—

With respect to the article about the sale of the Island, I do not believe the statement; but it is generally believed here that the Island will in a short time, be a part of the Union, and I am of that belief also. When I have time I will write you an article on the subject.

IMPORTANT ARREST OF COUNTERFEITERS.

We learn from a friend, recently returned from a visit to New Hampshire, that on Tuesday of last week, two persons were arrested in the vicinity of Lancaster, N. H., for having in their possession with intent to pass as genuine, a large amount of counterfeit bank notes. Their names are Charles Young, of Portland, Me., and Daniel Moulton, of Dracut, Mass. There were found upon them \$4700, a portion of the notes being untruncated and not signed. The bills consisted of tens of Adams Bank, North Adams, Mass.; threes of Marblehead Bank, Marblehead, Mass.; twos of Eastern Bank, Bangor, Me.; twos of Worcester Bank, Worcester, Mass.; twos of Gardner Bank, Gardner, Me.; and ones of Atlantic Bank, Boston, Mass. Young is about sixty years of age, and is, undoubtedly, a veteran in the business of counterfeiting. Moulton is about thirty years of age, five feet ten inches in height, black hair and dark complexion.—These two individuals have, probably, been connected with a gang of counterfeiters, forming a link between the Canadas and the States, and their arrest may be looked upon as second in importance only to that of Selden Brainard, and others, in New York.

MASONIC CELEBRATION.—The General Grand Encampment of Knights Templars of the United States, commenced its triennial session in Columbus on Tuesday last. The Ohio Statesman says:—

"The Free Masons made a most imposing appearance in their procession to-day. Some 300 preceded by a band of music marched through our streets to the first Presbyterian church, where, after appropriate preliminary exercises, an address of Welcome was delivered by W. B. Hubbard, and a Response on behalf of the General Grand Orders, by Rev. Paul Dean of Boston.

This has been one of the most important Masonic gatherings, we believe, ever witnessed in this city, when we take into consideration the numbers present and the extent of country they represent."

Matters and Things in General.

The town meeting this morning should be attended by every voter in the town. This very meeting may decide whether we shall make any improvements in our town government, or whether we shall content ourselves with customs and usages in vogue a century ago; customs which were adequate for them times, but which fall far short of the demands of these days. We are too apt to do as a certain Dutchman did—put a stone in one end of a bag to balance the grain in the other end, instead of dividing the grain; and he was content with putting a stone in because his father did so! If we would keep pace with the times, we must have less to do with antiquated notions. Our fathers' ways will not suffice for us, in every respect; and where they can be bettered, we say better them.

AUGUSTUS' NEW STORE.—The new Dry Goods store of Mr. John F. Augustus was opened for trade for the first time last evening, and there seemed to be as much of a rush for his store as there was for the Church to attend the wedding. This is decidedly the finest store in town, and is filled with a stock of entire new goods. Mr. Augustus is an enterprising young man, and we doubt not the ladies fully appreciate his endeavors to cater for their wants in dry goods.

Yesterday was a cloudy chilly day, but notwithstanding this, we saw more handsome women in the street than we have seen in one day before for a long while. Their cheeks looked as red as roses—not caused by paint, we don't believe;—and their general looks were intelligent and vigorous. These were Newport girls.

BRITISH STEAMER.—As many ship carpenters are at work on the steamship Britannia as can conveniently be employed, and it is expected the necessary repairs will be completed on Wednesday next. The false keel is carried away, from the stern to abate the puddle box, and the keel is so much damaged as to require the removal of about fifty feet of it. The sheathing, which is very sick, is broken off about twenty-five feet. The copper in some places is rubbed off.

Since the King Philip has discontinued her trips to Newport, our Boston mail is now brought from Fall River in a wagon run for that purpose, arriving here as usual, about 12 o'clock. This arrangement, we are sorry to say, though it is according to contract, is only to last till the 1st of October, after which this mail will be brought by the Fall River stage, arriving about 5 o'clock in the afternoon.

GREAT SALE OF WOOL.—Messrs Perkins & Brown, of Springfield, sold to the Burlington Mills Company, Burlington, Vermont, on Thursday last, two hundred thousand pounds fine wool, at the following prices: viz:—45, 55, 65, 75, and 82 cents per pound.

Thanksgiving in Missouri, Thursday, Nov. 25.

U. S. steamship (transport) Massachusetts, Wood, 19 days from Vera Cruz, arrived at New York on Saturday for repairs to her boiler and engine; she had been able to use her steam power but a small portion of the passage.

FIRE IN WORCESTER.—Leonard's Express, states that the stable attached to the Lincoln Square Hotel, in Worcester, was consumed by fire Friday night about 11 o'clock. There were 20 horses, and one pair of oxen in the stable, and only three of the horses were saved. All the horses burnt belonged to teamsters who had put up for the night.

NOMINATED.—The Hon. Henry Clay has been nominated for the Presidency by the Whigs of Erie county, Pa.

BACHELORS.—Dr. Jonson gives the philosophy of a marriage in a few words: "A married man," says he, "has many cares; but a bachelor has no pleasures. Cutting himself off from life's purest and most exquisite enjoyments, for fear of some trifling annoyance, he emulates the sagacity of the wisacre who amputated his leg to secure himself from corns."

The Pensacola Gazette has a letter dated at Anton Lizardo, 27th ult., announcing the deaths of Doctors Bachie and Kearney, of the Fleet Surgeons, and that there had been a great extension of the yellow fever in the squadron.

Gen. Scott was born June 13, 1786, and will therefore be 62 years old next June.

At about 11 o'clock last night, four men, all drunk, got into a jaw, and finally two of them got to fighting, and bloody work they made of it. We hastened to the scene and separated them, and in a few moments the whole neighborhood was roused by their noise. The one that got bruised the worst, an Irishman, by the name of Smith, came into our office about half past 11, and wanted we should say in the newspaper that he would meet his antagonist this morning, with pistols or broad swords; distance, three paces. Getting desperate. We neglected to state that this occurred in front of our office.

[For the Daily News.]

SUMMER TWILIGHT MUSINGS.—When twilight on the earth its shadows cast, and all is hushed, save the low rippling of the gentle brook, or surges gently breaking on the distant shore, the passing breeze is redolent with incense from each flower that decks the verdant fields and valleys.—The fleecy clouds in solemn grandeur move along in unison with earth's loveliness;—when the tired spirit, sick of the vanities of time, would soar away to the land of the blest. How sweet at such an hour, to steal away from earthly cares, to seek communion with the Deity,—to ponder on the past, the present, and the future.

The past? What memories now crowd upon the brain, as we recall those scenes gone by; when youth, boyant with hope, eager to grasp each promised pleasure, dreamed not that disappointment ever could mar what seemed so fair. Still, there are memories dear to the heart,—friends of our early years, who cherished us with fond affection, and sought to guide our wayward feet in wisdom's ways; but they have passed from earth. Perhaps from their bright home they may view those they have left to linger awhile in this changing world? It is a pleasing thought,—though unseen by mortal eye, they may hover around us, and in the hour of death, may be messengers sent from on high, to lead the way to where the weary are at rest. The past is gone, and with it much that we love to dwell upon.—Many opportunities for the exercise of the social virtues are lost in oblivion. The present is ours to improve, and to retrieve, in part, those errors we have committed,—to prepare for what still may be before us, so that when we are summoned to dwell on earth no more, we may depart and be at peace. Portsmouth, August, 1847.

MARRIED.

In the Central Baptist Church, last evening, by the Rev. Mr. Jackson, Mr. John D. Dennis, of the firm of M. Freeborn & Co., and Miss Mary P., only daughter of Wanton Hazard, Esq., all of this town.

The exercises on this occasion were witnessed by more than one thousand persons. The house was literally crammed with eager spectators more than an hour before the appointed time, and the exercises were solemn and impressive.

To the wedded pair.—This is an important era in your life—more so than young people are apt to consider marriage—and in order that your path through life may be clear from briars and thistles, avoid their first appearance. Whether 'tis better to let them grow for a while, and then attempt to root them out; or to keep them down in the onset? "There's the rub."

May your days be many, and full of happiness.

UNITED STATES HOTEL.

On Pearl, Fulton and Water sts., New York, BY H. JOHNSON. THIS is one of the largest and best kept Hotels in the city of New York. Board \$1.25 per day. Its location is particularly convenient for business men, and Mr. JOHNSON, the popular and gentlemanly landlord, makes the comfort of his guests a constant study. May 3

The most prolific source of disease is undoubtedly impurity of blood. And to no people are more subject than those of this country, from the plentiful and comparatively luxurious diet in which their prosperity enables them to indulge.—To purify the blood, and relieve bowels from the unhealthy state produced by that impurity, Brown's Sarsaparilla and Tomato Bitters are extremely well calculated. They will eradicate those impure humors which are the source of uncleanliness to the system and occasion such deformity when they make their appearance exteriorly. The demand for the above Bitters is rapidly increasing in all places where they have been sold, and there is scarcely a day passes but we have some ordered by our first physicians, for dyspepsia, indigestion, weakness of the stomach and bowels, costiveness, general debility, rheumatism, &c. In fact, there is not the least doubt but they are the best alternative now in use for a disordered system. The vegetables that these Bitters are mainly composed of are too well known to have the least said in their favor. Remember in all cases when you purchase Brown's Sarsaparilla and Tomato Bitters, to see that the directions are signed by the proprietor, F. BROWN, in his hand-writing, without which none are genuine. For sale by R. J. TAYLOR. Boston, Dec. 10, 1846.

This may certify that I have used Pool's Lotion, (as prepared by Messrs. Ames and Olds) for Scalds, Burns, Bruises, &c., and am happy to say that, I believe it is all it purports to be. JOSEPH H. KENDALL, at H. N. Hooper & Co., Commercial St. I can cheerfully testify to the above as I have known its good effects for two years. S. S. MERRILL, at the Machine Shop of the Boston & Worcester Railroad. Sold in this town by Wm. H. Greene, and M. Freeborn & Co. Jan. 8.

SAND'S SARSAPARILLA.—Thousands of persons are heirs of scrofula; they come into the world with the taint in their blood, which, by the time they reach maturity, develops itself in some form or other. All such persons should keep a stock of this preparation by them, if at a distance from any town or city where it may be procured. Nor should they wait for the disease to show itself in ulcers or eruptions but should keep it down by frequent resort to this unrivaled antiseptic. The seeds of scrofula, though hereditary in the blood, will not germinate while that fluid is under the influence of this powerful detergent, which, if administered at intervals, will keep down the hereditary tendency through life. As "prevention is better than cure," we recommend all who have a predisposition, hereditary or otherwise to ulcerous or eruptive diseases, to go through a course of this medicine at least every Spring and Fall. Prepared and sold by A. B. & D. SANDS, Druggists, 100 Fulton st. N. Y. Sold also by Dr. R. R. Hazard and R. J. Taylor Newport, by J. Russell, Fall River, by C. Dyer, For sale by J. R. J. TAYLOR.

JONES' SOAP.

Ladies in the country and watering places, See how the sun has burnt your faces! Look at your necks—how yellow, dark with tan; Why, 'twould repulse the love of any man! Those freckles, too, you know they'd quickly fly If Jones' Soap you'd use; come once—do try—It costs but fifty cents, and I am told It's worth, aye, doubly worth, its weight in gold. Persons who have had no faith in it, have been astounded at the wonderful effect of Jones'—that is, the genuine Jones' Soap—in purifying the skin. For sale by Dr. R. J. Taylor.

DAGUERREOTYPES.

All persons who have claims upon Manchester & Brother for Daguerreotypes must call and have them taken within two weeks, and those owing the above firm, will please call also within that time, as they wish to settle all accounts before leaving. And now to the public in general. We invite you all to improve the present good opportunity of obtaining a good daguerreotype of your near friends, and those bound to you by family ties. You will never regret the little exertion it will cost you, for it will be a great consolation for you to know you have them in your possession even while your friends are about you. But this is not all—a separation must take place either sooner or later, and then such a memento will be to you invaluable. Rooms in Vose's Washington House, at the head of Bath st. H. N. MANCHESTER. HYPERION FLUID.—Those who wish for a valuable preparation for the hair, are referred to Mr. Hogle's advertisement in another column. His Hyperion Fluid, it is supposed, will soon supersede most fluids now in use for the hair, as it is a very superior quality.

[Extract of a letter from Dr. Williams of Vt.] Gentleman—I will thank you to send me two dozen more of your Sarsaparilla and Tomato Bitters. I have used it with great success in four cases of dyspepsia, curing each of them in an almost incredible short time; likewise one case of scrofulous humor and one of jaundice. I consider it a valuable compound, and must say I have used it with the happiest effects. Should like to have it as soon as convenient. One of the cases of dyspepsia was a gentleman who had suffered a long time, and had been to the Springs for two seasons. A. Boyden, Esq. of Cambridge, cured of the dyspepsia of a year standing, after trying a hundred remedies without the least effect. For sale by R. J. TAYLOR.

The Daily National Whig

IS published in the City of Washington, every day, at 3 o'clock P. M., Sundays excepted, and is served to subscribers in the city, at the Navy Yard, in Georgetown, in Alexandria, and in Baltimore, the same evening at six and a quarter cents a week, payable to the sole agent of the whig, G. L. Gilchrist, Esq., or his order. It is also mailed to any part of the United States for \$1.00 per annum, or \$2.00 six months, payable in advance. The "National Whig" is what its name indicates. It speaks the sentiments of the Whig party of the Union on every question of public policy. It advocates the election to the Presidency of Zachary Taylor, subject to the decision of the Whig National Convention. It makes war to the knife upon all the measures and acts of the Administration deemed to be adverse to the interests of the country, and exposes, without fear or favor, the corruptions of the party in power. Its columns are open to every man in the country, for the discussion of political, or any other questions.

In addition to politics, a large space in the National Whig will be devoted to publications upon Agriculture, Mechanics, and other useful Arts, Science in general, Law, Medicine, Statistics, &c.—Choice specimens of American and Foreign Literature will also be given, including Reviews, &c.—A weekly list of the patents issued by the Patent Office, will likewise be published—the whole forming a complete family newspaper.

The Weekly National Whig, one of the largest newspapers in the United States, is made up from the columns of the Daily National Whig, and is published every Saturday, for the low price of \$2, per annum, payable in advance. A double sheet of eight pages will be given whenever the press of matter shall justify it.

The Memoirs of Gen. Taylor, written expressly for the National Whig, are in course of publication. They commenced with the second number, a large number of copies of which have been printed, to supply calls for back numbers.

GENUINE BEAR'S OIL.

Highly Perfumed. Perhaps our ladies and fashionable men are not aware that three-quarters of the "Bear's Oil," (so called) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada and the North Western Territory, and who never sells an ounce until he knows it to be genuine. The real Bear's Oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

Remember, Dr. C. V. Clicker is the inventor of sugar-coated pills, and that nothing of the sort was ever heard of until he introduced them in June 1843. The great and only Successful Remedy for the cure of Consumption.

IS Dr. E. W. Vandersmith's INDIAN COUGH BALM AND LUNG BALM.

READ. Disease of the Lungs and Throat cured. White Plains, April 20, 1847.

'This is to certify that I have been afflicted for five years with a cough, pain in the chest, night sweats, difficulty in breathing, etc., and I also expectorated a large quantity of frothy matter and blood, from which I was reduced to a perfect skeleton, my throat was very much ulcerated. I had lunar caustic applied to my throat twice a week, but received no benefit; I have used one hundred different kinds of Patent Medicines, recommended by my friends, but all to no purpose. A friend of mine, Mr. Willett, whose lungs had been affected for two years past, was cured by Dr. Vandersmith's Medicine. He insisted upon my trying Dr. V., and I did so. After I had used his medicine 15 days, I expectorated large quantities of yellow fetid matter, my chest expanded, and my difficulty in breathing subsided. I persevered with his medicine, and the result has been, I am perfectly cured of all my sickness. I recommend every consumptive to try Dr. V.'s medicine, I am confident it will cure you. Your sincere friend,
EDWARD C. THOMPSON.

Sworn before me this 21st day of April, 1847.
A. H. MICKLE, Mayor of the city of N. Y. Inflammation of the Lungs.

New York, June 19, 1847.
Dr. Vandersmith—I have been subject to a cough, pain in the chest, difficulty of breathing, &c., for many years past. About four months ago I took a severe cold, which settled on my lungs. I was unable to attend to my business during the day. I would have dreadful coughing fits, that I thought it was impossible for me to give unless I could get relief. The excessive night sweats, had reduced my whole body to a skeleton. I expectorated white frothy mucus, in fact, should I give the full particulars of my case, it would be almost incredible. I was recommended to try Dr. Vandersmith's Indian Cough Balm and Lung Balm. I consented; when I used it about one week, my cough decreased considerably, which gave me great hopes. I continued with the medicine according to directions, and the result has been that I am restored to health, a blessing that I have not enjoyed for years, until the present. I sincerely believe had I not made use of Dr. Vandersmith's invaluable medicine, that I would be mouldering in the silent grave. Therefore I believe that I am doing nothing but what is justice, in stating the above facts, so that you may show it to all the afflicted who may call upon you to administer to them. I shall be pleased at any time to converse with the afflicted who call upon me. Your grateful patient and friend,
JAMES B. HENDERSON.

W. V. BRADY, Mayor of the City of New York. Consumption.

Staten Island, June 10, 1847.
Dear Sir—I take great pleasure in giving you my certificate, that December I was attacked with a severe cough, pain in my left side, loss of appetite, and continual raising of white and yellow mucus. Some days I raised a half-pint of mucus, streaked with blood. I have been under the treatment of a dozen physicians, I was recommended by Dr. Mitchell of Philadelphia, to use a Breathing Tube, I purchased one, I only made use of it one week, it was the cause of bringing on a hemorrhage of the lungs, which reduced me so much that I was unable to sit up, my voice was entirely destroyed, it was difficult for persons to understand me. I saw Dr. Vandersmith's Medicine recommended very strongly by a patient whom he had cured. I sent for half a dozen bottles, I received great benefit from that, which induced me to purchase a dozen bottles, I took according to the directions, and it cured me perfectly sound.
Yours, &c.

Hyer's Pills.

The American Improved Hygienic Vegetable Medicine.

SAFE, CHEAP AND EFFECTIVE. This medicine makes no pretensions to miraculous powers, the raising of the dead, or to immense and astounding sales daily and hourly, after the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple aid to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful trial as a test of its curative properties. During the last twenty years it has worked its way into extensive use, wholly upon its own merits, by commendation from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has inevitably compelled greater attention to its business, and agencies are now being established throughout the country.

A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years,) as their only medicine, and knows it to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand more assertions in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then. Read, try, and then judge.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages. The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It clears the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing BALDNESS AND GREY HAIR. It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the hardest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxurious state until the latest period of life.

Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation of a good head of hair.

DR. BANNING'S PATENT LACE!

An immediate Relief to Incurable Consumption, the Bronchitis of Public Speakers, Prolapsus of the Heart, Dyspepsia, Spinal Weakness, Piles, Protrusion, and Diseases of Women, without Medicines.

THIS instrument has been examined by Drs. Mott, Rodgers, Francis, and Griscom of New York, the faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:

Middletown, June, 25th, 1843.

Dr. Boardman, Sir—In answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1836, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case—frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do. The pills, which have troubled me for nine years, are now eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit. Yours, &c. WM. BANNER.

Middletown, June 25, 1843.

Dr. Boardman, Dear Sir—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, protrusion of the womb, &c., were relieved after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument. ang. 29th

STEPHEN BROOKS, JR.

Providence, Feb. 26, 1846.

Doctor Boardman—Dear Sir—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn different Supporters or from yours, which had only two pails. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart & lively of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time, I am truly, your friend and well wisher.

Doctor Boardman, proprietor of Bannings celebrated Patent Body Brace, for this state, has taken rooms at No. 8, Broad street, where he may be consulted, free of charge. He is enabled to treat, successfully, cases of Rheumatism, Neuralgia, Headaches, Deafness, loss of Voice, Bronchitis, Weakness and curvatures of the spine, and chronic diseases generally. He is enabled to refer to numerous cases in Providence, and this town. aug 28

MR. ABRAHAM VANDERBEEK, of 88 Avenue D., New York, certifies that his head was entirely bald on the top, and by the use of two 3s. bottles of Jones' Coral Hair Restorative, he has a good crop of hair, and will soon have it long and thick.

Mr. William Jackson, of 50 Liberty street, Pittsburgh, Pa., certifies: On the 3d of February, 1847, that Mr. Thomas Jackson's head, on the top, was entirely bald for 15 years, and that by using two 3s. bottles of Jones' Coral Hair Restorative, the hair is growing fast and thick, and will soon be entirely restored.

Gray Heads! Gray Heads! Read—I hereby certify that my hair was turning gray, and that since I have used Jones' Coral Hair Restorative, it has entirely ceased falling—is growing fast, and has a fine dark look. Before I used Jones' Coral Hair Restorative, I combed out handfuls of hair daily. WM. TOMPKINS, 92 King-st., N. Y.

Mr. Power, a grocer of Fulton-st., had his hair choked up with dandruff, and Jones' Hair Restorative entirely cured it. Do you want to dress, beautify, and make your hair soft and fine? Read—1, Henry B. Cullen, late barber on board the steamboat South America, do certify that Jones' Coral Hair Restorative is the best article I ever used for dressing, softening, cleansing and keeping the hair a long time in order; all my customers preferred it to anything else.

TO THE LADIES IN PARTICULAR.

MY DEPILATORY POWDER has been found highly beneficial and of great use to ladies who have been afflicted with superfluous hair, principally when its growth has been confined to the upper lip and side of the face, giving a masculine line to the whole features. When used with proper care, and according to the directions, it will be found to be a great addition to the toilet, as the use of any sharp instrument is entirely avoided, and the hair is removed in five or ten minutes after its application.

This composition is infallible, and warranted to remove superfluous hair. After numerous trials, I have received certificates of success which cannot be contested. For sale, wholesale and retail, at

MOTHER'S RELIEF.

IT is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose;—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your especial and general good that you should make use of one bottle of the MOTHER'S RELIEF before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all forlorn and nervous affection. Hemorrhages and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c., causing frequent alarm, from two to three doses will give immediate relief.

As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.

CAUTION TO PURCHASERS.—Ask for BARNARD'S Mother's Relief. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a facsimile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to. DR. G. A. BARNARD, Office on the corner of Fifth and Third streets, opposite the Co. Clerk's office, Rochester, N. Y. For sale in Newport by R. J. TAYLOR, sole Agent. sept. 8. 1y

Miracle.

ON the 4th of August, in the year 1843, a singular scene occurred in the Royal Scientific Institution of France. The aged, white-headed President, his head bare, his arms outstretched, his face radiant with smiles, (for science was triumphant,) and his voice with gratulatory tone, delivered the following report:

"We are astounded at this singular preparation, where indeed will science stop! Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease? The Negro, the Greek, the Yellow Race of the East, and the Red Man of the far West, are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)

There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of JONES' ITALIAN CHEMICAL SOAP, in curing Pimples, Blotches, Salt Rheum, Scurf, Erysipelas, Sore Heads, Old Sores, Deaf and Barber's Itch, Chapped and Tender Flesh, Freckles, Tan, Sunburn, and changing dark sunburn or yellow skin to a pure, clear white, as smooth and soft as an Infant's, and in fact every kind of eruption and disfigurement. Read these certificates:

[From the N. O. Sentinel, Oct., 1844.] One of our subscribers, Mr. H. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his head, fingers and hands, by a cake of an article much advertised lately—we speak of Jones' Italian Chemical Soap. He also informs us that he has tried its effects on his female slave Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.

James Eltham, a painter in Jersey City, was cured of carbuncles and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.

Persons in purchasing this must always ask for Jones' Italian Chemical Soap; and perhaps, as many who have been cheated with counterfeits, will be too much discouraged to try the genuine, we say to such, try this once—you will not regret it, but always see that the name of T. JONES is on the wrapper. For sale in Newport by

If you are afflicted with Hemorrhoids, Asthma, Obstruction of common Coughs and Colds, Spitting of Blood, Bleeding of the Lungs, Whooping Cough, croup, difficulty of breathing, sore throat, hoarseness, first stages of consumption, and all other Pulmonary or Lung Complaints, try

DOCT. EMANUEL'S BALSAHIC LUNG AND COUGH JELLY.

THE materials of this Jelly are purely vegetable and balsamic, and are the invention of an eminent physician, from whom the proprietor has purchased the recipe. It is certainly worth its weight in gold, but is put at a price to be within the reach of rich and poor.

Names and residences of persons residing in the city of New York, who have been cured or benefited by Dr. Emanuel's Balsamic Cough and Lung Jelly, when it was prepared in another form:

Mr. Hiram Anenits, 113 William-st., N. Y., had for some time, a dreadful pain in his side and chest, with a hacking cough, and shortness or difficulty of breath. He used part of a bottle of Dr. Emanuel's Balsamic Lung and Cough Jelly, which perfectly cured him.

Mrs. Morgan, Front-st., Brooklyn, had a very obstinate cough and cold. She tried every other remedy in vain, and Dr. Emanuel's Balsamic Lung and Cough Jelly entirely cured her.

Reader, reader, let the glad voices and grateful hearts of these respectable citizens of New York, appeal to your hearts and understandings, if you are afflicted with any pulmonary complaint, cough, cold, &c.

Mr. L. W. Conklin, 103 Eldridge-st.
Mr. Alonzo Brown, 73 Reade-st.
Mrs. Morgan, 162 Front-st., Brooklyn. Orange county, April 19th, 1846.

Dr. EMANUEL,

Dear Sir—You may perhaps think my statement almost incredible. My reason for fearing so is the fact of your never recommending your Jelly for the cure of confirmed consumption, but only in its primary or first stages. I have every reason to believe that I was in its last stage; my physician told me so; my friends told me so; as well did my symptoms, for they were truly alarming; and I felt fully convinced, that unless relief was obtained, I must soon be consigned to the narrow confines of the silent grave. But by the timely use of your remedy, I still live, and again enjoy my former good health. I had, indeed, dear sir, all the alarming symptoms you speak of as forming consumption in its worst stage; but by the use of your Jelly, I again say, I am cured.

Yours, dear sir, with great sincerity,
ISAAC J. NEED.

And now, reader, having given you a plain statement, let me conjure you to pause, ere it is too late; try this Balsamic Lung Jelly—try it. I have put its price to you as low as I can afford; if you use it, and succeed in curing yourself, I shall have the gratification of having rescued another from consumption; and I hope, in return, that you will not withhold from me your name, and a statement of your cure.

MY BALUSTRAL HAIR RESTORATIVE. This universally approved and admired article, free from ardent spirits, pungent essential oil, and other destructive materials, cleans the hair expeditiously, renders it beautifully bright, and imparts to it the delicate fragrance of the flowers. Hair washed with this Extract soon become pleasingly soft and luxuriant in its growth, and it will positively bring in new hair on bald heads by its use; and hair that has been made harsh, and is turning gray or falling out, by the use of spirit or other improper preparations, will soon be restored to its natural color and brilliancy, by a few applications of the Eau Lustral.

It is a preservative against baldness, and an infallible cure in all affections of the skin on the head, as dandruff, and for preventing the falling off of the hair and turning gray.

Evidence.—Nature is an inexhaustible mine, in which experience and study will always find room to excavate; it is that source alone which produces all that man calls invention, and which he would do better, perhaps, to name adaptation.

Coggeshall & Bliss' Patent Cooking Range.

THE subscribers have just taken out letters patent for a new and beautiful cooking Range, to which they invite the attention of the public.

This Range may be set in the ordinary fire place and by a simple, though effectual apparatus, the throat of the chimney may in an instant of time, be opened or closed, so that the heat in summer and the fumes from cooking at all times may escape through the chimney.

Wood or coal may be used, and the evil of smoking chimneys is completely remedied by its introduction.

This Range is so constructed that it takes up but a small space, and yet it contains all the qualities of those which take up double the amount; and it being constructed as it is, the Boilers are brought in close proximity with the fire, and it consequently boils much sooner, and with a smaller amount of fuel, than the old fashioned Ranges, or cook stoves. It contains five boilers, four of which may be converted into two, by taking out a cross piece, and thus will admit of two large boilers at the same time. It also, contains and Oven 12 inches wide by 21 deep, which cannot be surpassed for baking.

The subscribers have one of their Ranges in operation at their store, where the public are invited to call and examine it, and if they will, they must at once discover its utility. They also keep constantly on hand all kinds of Parlor, Office, and Cook Stoves, Tin Ware, &c., &c.
